Att: Officer in Charge
UFO Office

Gentlemen:

*To AFIC
for possible analysis
and for consideration*
We would like to report the sighting of an Unidentified Flying Object on 1 December, 1958 at approximately 1637 hours E.S.T.

The object when first sighted seemed to be a jet trail inasmuch it was white in color and had that general shape. When first sighted it was inclined approximately 60° with the horizon. It then changed to a level position. A few moments later it seemed to turn end for end (still in a level position) until it became a small white brilliant dot. Then without any other apparent motion it vanished. The object was under observation for about two minutes.

Our position of observation was;

latitude $40^{\circ} 25.25'$
Longitude $74^{\circ} 13.5'$

Approximate altitude of sighting was 3° . approximate bearing was 230° True. Height of observers above mean sea level was approximately $45'$. Apparent distance of the object was five miles. Naturally we cannot be certain of this since its exact size is naturally unknown. Observer position and bearing to object was determined from C.&G.S. Chart No. 369.

Observers were:

Mr. [REDACTED]
[REDACTED]
Westfield, N.J.

Mr. [REDACTED]
[REDACTED]
Matawan, N.J.

Mr. [REDACTED]
[REDACTED]
Matawan, N.J.

All three observers are engineers employed by the Industrial Washing Machine Corp. located in Matawan at which location the UFO was sighted. It would be appreciated if the information contained in this letter be kept confidential.

Please do not hesitate contacting us if you require any further information. A sketch showing the shape and maneuvering of the UFO is enclosed.

Very truly yours,

[REDACTED]
